What are Special Course Fees?

- Mandatory fees assessed when students enroll in specific courses
- Courses have cost intensive components that cannot be provided through tuition
- SCFs can be FIXED or VARIABLE:
 - FIXED fees set amount that is the same for each student enrolled in the course
 - Assessed automatically through the registration system
 - VARIABLE fees amounts assessed each student enrolled in the course based on expenses that fluctuate like for expendable materials or damage to and/or non-return of equipment
 - Assessed by the department through Student Accounts Receivable
- SCFs can be set up as a range:
 - \circ Trip to Rocky Mountain National Park one semester and the next semester is to Hawaii
 - Students in a field placement that requires a criminal background check some students already have a criminal background check and don't need to pay for that again

SCF – Fee Types

Type A – Fixed or variable fee for costs incurred on a semester-by-semester basis

Type B – Fixed or variable fee based on actual use of expendable materials in the course

- Materials used by the student to create/construct/fabricate class projects leading to a product that becomes the student's property
- Materials supplied by the department due to inability to make individual purchases economically, or other unusual costs

Type C – Variable fee based on damage to and/or non-return of equipment used in the course

Type D - Fixed fee based on amortized depreciation of equipment used in the course

SCF – Type A Examples

- Rental and/or use of non-academic facilities and equipment:
 - Livestock boarding
 - \circ Ice skating rinks
 - o RMNP entrance fees
 - CSU Mountain Campus fees
- Special services required to meet curricular accreditation requirements:
 - Purchase of livestock and laboratory animals, including feeding and care
 - Live models used in art
 - Instrument tuning
 - Individual private lessons
 - \circ Other services
- Transportation of students and the instructor for courses requiring off-campus trips
- Lodging and per diem for students for courses requiring off-campus, overnight trips

SCF – Type B Examples

- Materials used by the student to create/construct/fabricate class projects leading to a product that becomes the student's property:
 - Canvas for painting; consumable materials for welding, plumbing and electrical labs; fabric for apparel;
 wood or stone for sculpting; film for documentaries; etc...
- Materials supplied by the department due to inability to make individual purchases economically, or other unusual costs:
 - Photo processing chemicals; materials for physiological testing; materials to build small construction projects; supplies to conduct experiments; etc...

SCF – Type C Examples

Glassware used in a laboratory: beakers; test tubes; vials; jars, etc...

Specialized equipment

NOTE: The fee must be refunded if the student returns the equipment. The amount refunded can be reduced if any of the equipment is broken and/or not returned.

SCF – Type D Examples

- Used for specialized equipment used in the course such as technical instruments used in a laboratory
- Fees are FIXED and are held in the SCF Account to be used for future upgrade, replacement or repair costs
- Fees are based on the % of the equipment's use that is dedicated to instruction in the course and the anticipated life of the equipment
- Fees collected in Type D can only be used for replacement or upgrade of the specialized equipment approved in the SCF Request

SCF New/Change/Cancel Request Form

- Form and other resources are found on the Office of the Provost & Executive Vice President website under the <u>Faculty & Administrative Professionals</u> page under Special Course Fee Manual and Forms
- Form submitted by <u>February 1st</u> of each year to the Special Course Fee Committee, chaired by the Vice Provost (Kelly Long)
- Reviewed and approved by: SCF Committee, Provost, President and the Board of Governors
- If approved, the new/changed fee will be effective for the Fall (FA) of the <u>upcoming</u> academic year
- If approved, the fees are published to provide notification to students

Special Course Fee – Monthly Duties

Departments need to complete SCF duties on a monthly basis:

- Verify all expenses are compliant with the intent of the SCF outlined on the request form
- Verify all expenses are compliant with the guidelines of the SCF Manual
- Verify all expenses are compliant with University Financial Rules and Financial Procedure Instructions
- Ensure that journal entries to correct errors are completed timely
- Note that a University withdrawal by a student will result in a pro-rated refund of a SCF
- This should be taken into account when completing the Annual Review because you will end up with a fraction of a student for revenue/refund purposes
- Ensure refunds are processed timely

• • • • •

- • • •
- • • •

Special Course Fee - Annual Review

- Each year, Campus Services selects certain SCF accounts to be audited based on criteria such as:
 - SCFs with Type D fees \bigcirc
 - SCFs where Ending Fund Balance (FB) is in Deficit (negative balance) 5
 - SCEs where Ending FB >= Total Revenue \Im
 - SCF Accts not reviewed in last 5 years \Im
 - SCFs cancelled but the account has not been closed yet \Im
 - SCFs where Total Revenue is <\$200 per year
- FY21 153 of 352 accounts were selected for audit
- • •
 - (D) Indicates the SCF is required to be reviewed annually by Campus Services and the SCF Committee
- • • •

SCF - Annual Review cont'd...

- Each SCF should have an Annual Review prepared each year, even if not selected for audit by Campus Services
 - Provides information for status of the account's FB (surplus or deficit)
 - The accountant must tie the figures to Kuali
 - Helps to determine if / how much a per student refund should be per term (FA, SP and SU) Refund required if
 >=\$5/student
 - Provides information for the department and faculty to determine if the fee is too high, too low, or OK and if they need to submit an SCF New/Change/Cancel Request by February 1st
- Important to have the most recent approved and "in effect" SCF New/Change/Cancel Request form to calculate fee revenue and/or refunds by Type of Fee
- If Ending FB is in deficit (a negative balance), the department is <u>required</u> to move SCF expenses off of the SCF account to a department account ^(D)

Type A & B Refunds - appropriated bythe % of the \$ amount of that Fee Typecompared to the total of the other FeeTypes that are refunded

EX: Type A is \$10/stu. and Type B is \$15/stu. The Type A % is \$10/(\$10+\$15) or 40% and Type B is \$15/\$25 or 60%

- Type A & B Deficits reimbursed appropriated by the % of the \$ amount of that Fee Type compared to the total A & B Fees
- Revenue is appropriated by the % of the Fee Type \$ amount compared to the Total Fee \$ Amount if the student count is not a whole number (fraction of a student); otherwise, use the \$ amount of the fee * student count

SCF Annual Review Common Errors

- Beginning FB is not entered based on the PY audited review and tied to KFS
- Amounts from PY incurred in the Current FY are not appropriately split out by Fee Type – Error examples:
 - FA refund put under Type A or B but SP refund put under Type D (Type D wouldn't have a refund and both the FA and SP should be added up and split out b/n Type A, B or A & B proportionately)
 - Deficit reimbursement put under Type D, but Type D was in surplus (s/b put under Type A, B or A & B proportionately)
- Expense encumbrances are included in total expenses – Only Actuals can be included
 - Encumbrances are not actual expenses

SCF Annual Review Common Errors

- Revenue is not appropriated between the • Fee Types correctly
- Total Revenues are not tied out to Kuali ۲
- Expenses are put in the wrong Fee Type ۲ Column – Error Examples
 - Travel under Type B or D (s/b Type A) 0
 - Supplies under Type A (s/b Type B, D or both) 0
 - Services under Type B or D (s/b Type A) 0
 - Equip under Type A or B (s/b Type D) 0
- Total Expenses are not tied out to Kuali ۲
- Ending FB at 6/30/xx is not tied out to ۲ Kuali under OC3000 in the next FY
- Type D amounts are not tied to the • **Amortization Schedule**
 - SU course for the current FY under review the deferred Revenue isn't shown properly and tied to OC2515

• • • • •

Expectations – Post Annual Review

- Each SCF Annual Review should be analyzed to determine if the fee is appropriate or if it needs to change
 - Repetitively giving a refund?
 - \circ $\,$ Fee may need to be reduced or SCF cancelled $\,$
 - Repetitively going into deficit in Type A/B fees?
 - Fee may be too low and needs to be raised if expenses cannot be eliminated
- Type D fee is in deficit?
 - Fee may be too low or there may be problems with how the Amortization Schedule was set up.
 - Does the fee need to be raised?
 - Does the Amort. Schedule need to be revised?
 - Was it a one-time occurrence?
- Never any expenses?
 - Does the SCF fee need to be cancelled?

Department should complete and submit the SCF New/Change/Cancel Request form by February 1st if any changes are needed for the next academic year

• • • • •

Expectations – Post Annual Review cont'd...

- If the expenses have gone up, such as the Mountain Campus lodging & meals rates, then any SCFs using the Mtn Campus for lodging will need to increase their fees
 - Since the Mtn Campus Fees also have to be approved by the BOG, the SCF changes would lag behind by one academic year.

Student Refunds

Department Refunds for FIXED Course Fees:

- Students dropping a course during the Drop/Add period Full refund to their student account automatically
- Students withdrawing after census date (after the free Drop/Add period) No refund
- Students withdrawing from the University Fee is prorated based on date of their withdrawal and they will get a prorated refund in their student account automatically
- Department may determine a refund is needed and would need to submit a TWARBUS form.

Department Refunds for VARIABLE Course Fees:

- The academic department has to initiate the refund via a TWARBUS form
- Students may request a refund thru the academic department offering the course. Any refund is based on actual usage of the fee and is determined by the Responsible Person for the account.
- Planned activities that have not occurred such as field trips that haven't been taken yet, should result in a refund to the student's account. If an expense already had to be paid on behalf of the student, that would reduce the refund.
- Departments may prorate fees and credit students' accounts if supplies have only been partially used.

SCF Deficit Coverage

Applies to Type A, Type B or Type A & B fees (and possibly Type D if that Type is in deficit)

- If Type A, B or A & B are in deficit, the department must move over expended amounts to a department account
- Do not move them to another SCF account
- Complete a GEC (current KFS) or a GLT General Ledger Transfer document (Kuali Cloud) to move the expenses off the SCF account and to a department account
- Need to make sure the calculation of the deficit is accurate before moving the expenses
- Should the SCF amount be increased? Submit the SCF New/Change/Cancel Request form.

Cancelling SCFs and closing accounts

SCFs can be cancelled for multiple reasons:

- A course with an SCF is being cancelled and will no longer be offered
- A course with an SCF no longer needs to assess the fee due to lack of expenses
- A course wit an SCF no longer needs to assess the fee due to a change to the course

Submit the SCF New/Change/<u>Cancel</u> Request form on February 1st of the year before the academic year in which you no longer need the fee to be assessed

SCF account cannot be closed in KFS until there is no balance under Actuals or Budget in the account, including any Student Accounts Receivable (OC1410).
