Independent Auditors' Report

Members of the Legislative Audit Committee:

We have audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statements of the business-type activities and the discretely presented component unit of the Colorado State University System (the System), a blended component unit of the State of Colorado, as of and for the years then ended June 30, 2007 and 2006, and have issued our report thereon dated November 14, 2007. We did not audit the financial statements of the Colorado State University Foundation, the discretely presented component unit. Those financial statements were audited by other auditors.

In connection with our audit, nothing came to our attention that caused us to believe that the System failed to comply with the terms, covenants, provisions, or conditions of the respective Authorizing Bond Resolutions and the Official Statements (collectively, bond resolutions) insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance.

In accordance with the respective bond resolutions discussed above, a calculation of each bond's earnings requirement is shown on pages 81 through 85.

This report is intended solely for the information and use of the Legislative Audit Committee, the Office of the State Auditor, the Colorado State University Board of Governors, the Colorado State University Board of Governors' Audit Committee, and the Colorado State University System's management, and is not intended to be and should not be used by anyone other than these specified parties.
