LOOKING UP TITLE FOR SPONSOR/FEDERAL FUNDING

Title is found on the RPS Report.

FYI: Sponsored Program's RPS Reports may not be updated with the new Kual object codes and may or may not list the correct object code, so only look at the Title Description, not the object code listed. For Conditional title, use the CSU title object code.

LOOKING UP THE FUNDING SOURCE ON AN ACCOUNT: Click on the account number; scroll down to the Central Administration Tab. Look for the Fund Source Code.

*Aircraft, Golf Carts, ATV's, Watercraft, Snowmobiles, and Trailers should be treated like equipment (not vehicles) when determining which object code to use.

**If software is loaded into equipment, use the equipment object code not the SW object code.
