GROUP TRAVEL

- Group travel is often organized by a leader, or a few individuals, who manage all expenses associated with the trip
  - Group leader is responsible for collecting all receipts

- Reimbursement will only be made to the Primary Traveler on the TR document, not to the travelers listed on the group travel tab.

- Anyone with a TEM Profile can be imported into the document using the the Group Travel tab

- All international travelers MUST complete a separate TA. Risk Management does not currently have the ability to approve group travelers and can only provide Intl approval for primary travelers
INTERNATIONAL INFORMATION

• Emergency contact information including in-country contact phone number will be required for all trips.

• Please make sure that all itinerary information including No Cost business travel is included in TA.

• Multiple destinations must be entered using the per diem table.

• Primary destination must be an International location.
INTERNATIONAL TRAVEL APPROVALS

- RMI approval is now automatically integrated with the Kuali TEM process for approval of faculty travel

- Students must obtain approval from international programs before traveling internationally

- RMI approval email is generated from the system, and needs to be attached to the TA document prior to the DHA review and approval

- Saved documents, ad hoc to initiator, or ad hoc complete will not allow document to be reviewed by RMI review process
RMI APPROVAL PROCESS

• Travel arranger prepares TA document ensuring that ALL information pertaining to traveler’s international trip is included. Primary destination, all accommodation, all other countries (per diem locations even if no cost.)

• If destinations (primary and per diem destinations) are NOT subject to a travel advisory RMI sends an approval email to the travel arranger AND the traveler. Simply copy this approval email to the TA for further routing.

• If destination is subject to a travel advisory – traveler is sent an email with a link to an electronic travel advisory waiver. Once completed by traveler, approval email is automatically sent to traveler and travel arranger.

RMI APPROVAL PROCESS

- Do not enter destination manually
- The RMI automated approval process will not pick this up in the nightly ODS update and will not be reviewed for approval
What if my traveler has multiple destinations?

- Multiple locations can be entered in the per diem table
- Please enter all locations even if there are no reimbursable expenses
  - This will help locate the traveler in an emergency situation
- If there are both International and Domestic destinations please make sure that an International Destination is entered as the Primary Destination
• What if my traveler has multiple destinations?
  – Use magnifying glass to enter new destinations
  – Do not use “destination not found” to enter manually
  – Select the personal box if no reimbursement needed
RMI APPROVAL PROCESS

• International Approval for Group Travel
  – When multiple travelers are processed on one document only the primary traveler is identified
  – If approval is needed for all travelers a TA document will need to be submitted for each individual traveler
  – The automated RMI process does not look at the group travel tab or note and attachments where additional travelers may be listed
• **Travel Reimbursement process**
  – Approval email from RMI must be attached in the notes and attachments section on the **TA**
  – Travel will request a copy of this be attached to the document before processing reimbursement
  – If email is not received when TA is submitted please inquire why at this time. This document is for **PRE** approval.
